Microneedling

SkinPenII by Bellus Medical stimulates your skin's natural ability to produce new collagen and elastin for healthier younger looking skin. This process accelerates the repair process by creating microscopic channels, which also allow products to penetrate into the deeper layers of the skin. It is remarkably effective for scars, wrinkles, sun damage, uneven skin tone, stretch marks, lax skin, large pores, and thin skin. Larger areas needing treatment will need to be evaluated for complexity and pricing.

Full Face – 3 treatments - \$799.00

1 facial area (lower quadrant, forehead, eyes only) - 3 treatments - \$399.00

2 facial areas (cheeks, forehead/chin) - 3 treatments - \$599.00

Our highly qualified professional licensed esthetician will help you choose the facial treatments and options that are perfect to target and address the health of your skin, your concerns, and desired results.
