PATIENT PORTAL INFORMATION

At Intracoastal Dermatology, we believe communication with our patients is of utmost importance. For that reason, we are providing you with access to a Patient Portal which is directly linked to our EMR (Electronic Medical Records) system.

Portal URL:	icderm.ema.md (Do not use www. before the url. It will not work.)
Username:	First letter of your first name and your full last name Example: John Smith's username would be "jsmith"
Password:	Your 8-digit date of birth and first letter of your last name Example: John Smith's date of birth is February 23 rd , 1977. His password would be "02231977s"

Once you enter the portal with the Username and Password above, you will arrive at the "Patient Data" page. On this page you will be able to review, add and/or edit your pharmacy information, medical history, medications, and allergies. We suggest you update this information before each visit to save time.

Pharmacy: Select "Add Surescripts Pharmacy," enter the name of your pharmacy and the town or zip code it is in and click "Search." Your pharmacy should be displayed as an option. Please select your pharmacy and press the "Save and Continue" button at the bottom.

Past Medical History: Check off the appropriate boxes regarding your medical conditions and past surgeries. Press the "Save and Continue" button at the bottom.

Medications: Click either the "Mark No Medications" or "Add New Medication" button for each of your medications. Once you have added all your new medications, press the "Save and Continue" button at the bottom. You can also delete any medications you are no longer taking.

Allergies: Click either the "Mark No Allergies" or "Add New Allergy" button for each of your medication allergies. Please describe the reaction where appropriate. Once you have added any/all your new medication allergies, press the "Save and Continue" button at the bottom.

Social History: Complete the appropriate information and press the "Save and Continue" button at the bottom.

You're all done!

We look forward to serving you at your next visit!
